

Europass certificate supplement (*)

1. Title of the certificate ⁽¹⁾

Elektrikerfaget

⁽¹⁾ In the original language

2. Translated title of the certificate ⁽¹⁾

Electrical Installation and Maintenance

⁽¹⁾ If applicable. This translation has no legal status.

3. Profile of skills and competences

The skilled electrician has shown competence in working independently with electrical low-voltage systems, electrical equipment and electrical installations that distribute and consume electrical energy in buildings, industry and businesses on land and sea. This competence includes installation, start-up, maintenance, repairs and control checks of systems and equipment. This also includes electronic monitoring, communications, control and regulating of electronic installations and systems. This competence includes the use of tools, computer equipment and instruments. This skilled worker is able to plan, carry out, assess, control and document work according to current rules about electrical safety and based on QA systems, along with routines and procedures. The electrician is able to communicate with users and colleagues, and suggest solutions based on a comprehensive system and an understanding of safety. This person is also able to make choices for solutions related to electrical power systems, telecom, data processes and security systems, automated systems and other appurtenant equipment. The electrician is able to combine technical solutions with correct environmental use of resources in accordance with requirements for Environment, Health and Safety work.

4. Range of occupations accessible to the holder of the certificate ⁽¹⁾

Trade certificate as a skilled electrician

⁽¹⁾ If applicable

(*) Explanatory note

This document is designed to provide additional information about the specified certificate and does not have any legal status in itself. The format of the description is based on the following texts: Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications, Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates, and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.
